

BRIGHT SPOT FARMS COMMUNITY SUPPORTED AGRICULTURE (CSA)

Bright Spot Farms is a small, nonprofit farm based out of the West End Neighborhood House. Our farm is run by dedicated staff and the young adults in our youth training programs. Together, we grow fresh vegetables using practices consistent with the USDA organic standard, meaning no genetically modified seeds and no harmful pesticides on your vegetables. We grow these vegetables on 2 acres just outside Wilmington on Rte. 13 at the DE State Hospital Herman Holloway Campus (1901 N. DuPont Hwy. New Castle, DE 19720).

What is a CSA and how does it work?

In a CSA, individuals buy a "share" of the produce grown on a farm at the beginning of the season, which they receive weekly for the duration of the season. It is basically like a subscription to a farm! Customers receive their share of produce in lots of different ways and choose based on what works best for their lifestyle.

When does the CSA start and end?

Our winter CSA will be distributed every other week on Wednesdays starting on Nov. 4th. There will be five distributions on the following dates: **11/4, 11/18, 12/2, 12/16, 1/6**

What will I get in my share?

Our winter CSA will include veggies including (but not limited to)

Carrots, Beets, Radishes, Turnips, Kale, Collards, Cabbage, Salad greens, Scallions, Onions, Garlic, Winter squashes, Sweet potatoes, and Kohlrabi!

This is our first year doing a winter CSA so we are capping at 10 members - don't wait to sign up!
